## Rumor has it...

That **El Mo Store** owner Pete Summers has - at last - succeeded in his long search for pharmacists - there's action in that store! Ever since Dave Henry retired and sold the pharmacy to Safeway in Sebastopol, Pete has been on a search to fill the void. Residents are constantly complaining that they have to travel too far for this need. It's not because Pete hasn't tried. You'd be amazed how hard Dave's shoes have been to fill! As soon as he's ready, Pete will tell us all about it! Check back soon - and go wander in ElMo Store and ask!

## Community Fund...

I've heard that the Community Fund committee met and discussed who gets what, but I still don't have the official news. As soon as they give it to me, I'll pass it on to you.

**Enjoy your summer!**

## It Pays to Advertise in the West County Gazette!

*"Best bang for our advertising dollars? Without question it's the West County Gazette. We have had numerous people tell us they learned about us - and liked what they saw - in the Gazette. The paper also has great print quality, which makes our ads look good."*
